### The "Nervous" Condition.

The term "nervous" is a broad term used to denote a diseased condition of the nerves that is very common. The disease is a debility or weakness that affects especially the nervous system. There may be no well-defined trouble, yet those who suffer with nervousness will complain of many things, mental depression, inability to rest well, twitching, aching limbs, and hundreds of nervous disorders. Sleep is not refreshing and the patient wakes up tired. Although the lungs, heart, liver and kidneys are sound, yet there seems to be serious disease in these vital organs, and sufferers with weak nerves feel that all their physical powers are failing.

Nervousness is wholly the result of wear and tear of the nervous system, caused by irregular habits, long-continued anxiety or worry, too great business responsibility, and any cause which tends to diminish the vigor of the body.

The beautiful delicacy of the nervous system can be appreciated when it is considered that the nerve fibres do not exceed one-fifteen-hundredth of an inch in diameter.

Each of these nerve fibres proceeds from the nerve centre with which it is connected, to the point at which it terminates, without uniting with any other.

So delicate is the structure and so intimately associated are its parts, that the nervous system can be deranged easily, and diseased or weakened.

Often sufferers from nervousness do not realize that their nerves need nourishing and strengthening. They wait and hope until the condition is of long standing before acting. Here is a case in point.

Brooklyn, N. Y., Aug. 2, 1904.—"It affords me pleasure to voice my appreciation of Paine's Celery Compound, as I think it a truly wonderful remedy. It cured me of nervousness and stomach trouble of long standing when all other remedies failed."

—Geo. W. Davren, 5401 Fifth Ave.

Victims of nervousness—those whose very life hangs heavy on their hands, depressed by their existence, or borne down by stress of overwork; Paine's Celery Compound stands ready to build the nerves back to their healthy condition—to put an end to sleeplessness, and to drive away every ache and pain.

Two days' treatment with Paine's Celery Compound will give proof of its marvelous powers.

For 17 years this famous prescription has been the most universally used tonic in the world. It has stood the test of time. Physicians constantly use and prescribe it. No prescription has ever been formulated that equaled it in curative power.

Remember this.—Paine's Celery Compound is the prescription of one of the most famous physicians this country has ever known, and all reputable Druggists sell and recommend it.

## RUSHING WORK ON THE FAIRMONT

IT IS EXPECTED THAT THE HOTEL WILL BE READY TO RECEIVE GUESTS IN DECEMBER.

SAN FRANCISCO, July 15.—Plans for the remodeling of the Fairmont Hotel have been completed, and it is expected that the hotel will be opened to receive guests about December 1st. The two lower stories and the basement will be ready by that date, but it may be later before the whole building is completed.

The hotel when finished will include 150 living-rooms, the big ballroom, the large foyer and a palm garden. A grill and a cafe will also be opened. The interior decorations of the hotel will be of the most elaborate nature, and an effort will be made to have them excel anything else on the Coast.

The debris inside the great structure has been thrown out and carted away, and the frame of the building is in the best of shape, except the columns of the upper floors, which will have to be strengthened, as they suffered some damage from the heat of the fire.

It was originally planned by the Law brothers not to open the hotel until the entire building was ready for occupancy, but as the designs are of an elaborate nature and it will take some time before they can be completed in detail, it was thought better to rush the work as much as possible on the lower floors and open them to the public before the remainder of the hotel is entirely finished.

### INJURED INNOCENCE.

"Yes, you can," said the much dis-

## DUVAUCHELLE BROTHERS OUT

EDWARD SAYS EUGENE HAS NO INTEREST IN THE LAND AND FISHING BUSINESS.

Edward K. Duvauchoelle of Molokai returns to his home at Pukoo by the steamer Likie this afternoon. He came to Honolulu on Sunday for the purpose of inquiring into the reports that his brother Eugene Duvauchoelle had been claiming to be the owner of various lands on Molokai, as well as the fishing nets and launch that Edward Duvauchoelle has been operating between Molokai and Maui.

Edward Duvauchoelle says that his brother has no interest whatever in the nets, launch or the lands, as he, Edward, is the owner. Edward says that Eugene was employed by him to operate the launch but was discharged about two weeks ago. Eugene has, his brother states, nothing further to do with the fishing and land business on Molokai.

### DO OR DIE.

When your heart fails, you die. It is failing when your breath is short after exercise, if you have dizzy spells, irregular pulse, fainting spells, pains in chest, etc. Don't neglect these symptoms, they develop very fast. Give your heart arishment and strength with Mr. Miles' New Heart Cure, and save complication. If first bottle fails to benefit, money back.
